

Our Sustainability Commitment

Zurich Airport

APRIL 2026

We are committed to a sustainable Zurich Airport and assume our corporate, environmental and social responsibility.

Our business activity follows the principles of the United Nations Global Compact and contributes to their sustainability goals.

We reduce our environmental impacts and increase our environmental efficiency beyond legal and regulatory requirements. We aim to reduce our own greenhouse gas emissions to net zero by 2040.

We offer a fair, attractive and safe environment for employees, partners and customers and ensure a comprehensive and trust-based exchange with our neighborhood.

A stylized, handwritten signature in black ink, appearing to read 'Lukas Brosi'.
