

# Personal Comfort P4

FOR EMPLOYEES AT THE CIRCLE

## Entrance P4

| Personalparking |            |    |
|-----------------|------------|----|
| Nord            | PP XXX–XXX | 33 |
| Süd             | PP XXX–XXX | 09 |

Follow the signs «The Circle» and «P4» when approaching.

Hold the card to the reader (contactless entry) at the parking barrier, do not insert.

Immediately after entering, a large display shows which parking lot numbers may be used in which zone («Süd» and «Nord») and how many spaces are available.

Free personal parking spaces are marked with an orange light. Parking spaces with green lights are for visitors and may not be used.

## Occupied zone

| Personalparking |            |    |
|-----------------|------------|----|
| Nord            | PP XXX–XXX | 00 |
| Süd             | PP XXX–XXX | 09 |

If all spaces in one zone are occupied, you must switch to the other zone.

In the example above the zone «Süd» is occupied and parking is only possible in the personal zone «Nord».

### Important:

Never insert card (always contactless) and handle card carefully and protect it from heat. A fee of CHF 50 will be charged in case of card loss.

If you forget your card: Press the call button at the parking barrier and follow the instructions.
